## Special Hints:

2 Practice relays prior to the meet so event numbers and the order in which participants are swimming is understood. Most problems occur with younger swimmers in the medley relay.
2. Suggest limiting swimmers to four events each, utilizing that fifth event for last minute pre-entered participant changes.
(2) Try not to schedule swimmers in back-to-back events, if at all possible.

## General Rules:

3 There is no limit to the total number of relay teams a club may enter.
3 Total age of the relay team must not exceed the limit for that relay event. (It may always be less)
(2) A relay is defined as four swimmers each swimming one length of the event.

3- Mixed relays are defined as two males and two females.
3 8 and under relay events may be any combination of sexes.
[3 Where designated, no more than two "winter swimmers" may swim on a relay team. A "winter swimmer" is defined as someone who participates for at least three months in a USA, YMCA, or high school swim program. All "winter swimmers" must be so designated on your entry form.
6. Finals consist of the top eight qualifying teams from prelims the day of the Invitational for each event.
[] No substitutions at finals.

Spectators: $\quad \$ 8.00$ admission fee good for all day plus a heat sheet $\$ 6.00$ admission per session
$\$ 4.00$ for Relay Heat Sheet Program per session.

First Aid: First Aid will be available throughout the meet.
